Seminar on Community Surveillance of Trees

Hong Kong has a large number of trees. Since the health and structural conditions of trees are subject to their normal lifecycle as well as changes in the external environment, it is important for us to have proper management of trees and to appeal to the public support for monitoring the conditions of trees in our community.

The Greening, Landscape and Tree Management Section in the Development Bureau welcomes the public to attend a seminar as below in order to enhance the general knowledge of trees.

- Date:** 7 August 2014 (Thursday)
Time: 9:30 am to 1:00 pm
Place: Lecture Theatre, Hong Kong Central Library
Content: Basic tree knowledge and tree care;
How to distinguish and report
problematic trees
Language: Cantonese

Seats are offered on a first-come, first-served basis.

For enquiries, please call 2848 2334.
